[REDACTED] understands that the Monthly Analysis of Soviet Broadcasts, based upon [REDACTED] Weekly Survey of USSR Radio Broadcasts, which has hitherto been prepared by OIR, Department of State, is to be discontinued. In planning for the activities of the Special Reports Division, [REDACTED] anticipating at least a partial alleviation of the current personnel shortage, consideration is being given to the preparation of a monthly critical analysis of Soviet broadcasts similar to the one mentioned above.

It is requested that the Requirements Branch, OCD, determine whether or not such an analysis is necessary or desirable.
